

SET OF SHELVES

SECURKIT

MODULAR BOLT SHELVES

SECURKIT is the brand of our modular bolt shelves. The SECURKIT shelf is made of third fold, both on the long side and on the short side, an excellent anti-cut system, and a central reinforcement (indicated with the letter R) excluding the mini version. It is distributed with assembly instructions. They are made of press-formed or cold-formed sheet steel with surface finish coating after phospho-degreasing pre-treatment by iron phosphates in protection and preparation for the final cross-linked varnishing in a continuous furnace at 160/180 C.

The standard colour is RAL 7035 grey*.

The versions are mini, classic and zinc-coated.

There are other colours:

	red RAL 3000*		lavender PANTONE 529 C*
	blue RAL 5015		acid green PANTONE 374 C
	white RAL 9003		chocolate brown RAL 8017*
	dark grey N.D.		

*color similar to the reference

For other colorations and shades, please contact our sales office.

ANTI-CUT SYSTEM

MINI 4 SHELVES

DIMENSION

H 1510 - Shelf L 800 - P 300 mm

Single packaging. Load capacity: 320 kg, 80 kg par shelf with a uniform distributed load.

NEW EUREKA
MODULAR INTERLOCKING
SHELVES

INKA and NEW EUREKA represent an innovative and effective assembly system for set of shelves. It is not necessary the use of specific tools for their assembly. In fact, this interlocking system guarantees an immediate and safe assembly. There are two solutions: varnished or zinc-coated. The shelves are made of third fold, an excellent anti-cut system. The product is distributed with assembly instructions. Realized by press-formed or cold-formed sheet steel with surface finish coating after phospho-degreasing pre-treatment by iron phosphates in protection and preparation for the final cross-linked varnishing in a continuous furnace at 160/180 C.

The standard colour is RAL 7035 grey*.

There are other colours:
